

IMMEDIATE RELEASE: Thursday 13th December 2018

Keystone Property Finance completes first buy to let case

Following the relaunch of Keystone Property Finance as a specialist buy to let lender on the 10th September, we are delighted to announce the first mortgage application has completed. The application was submitted by Mark Horsfall from Jigsaw Money Management via SimplyBiz Mortgages for his client, an experienced landlord with a portfolio made up of over 10 buy to let properties.

Mark submitted the full mortgage application for a new build flat in London to Keystone on the 17th September and the team at Keystone worked closely with the broker to ensure that the deal completed as soon as possible. After a few hold ups due to third parties we completed this deal on the 23rd November 2018.

The broker and client were happy with the five-year fixed rate offered, the process and service that the team at Keystone provided.

David Whittaker, CEO at Keystone Property Finance comments on the completion

"We are delighted to have funded this new build flat in a multi-storey block – funding was ready pending snagging and practical completion. Mark now has a landlord portfolio shaped for future use with Keystone and a number of other specialist buy to let lenders."

Martin Reynolds, CEO of SimplyBiz Mortgages, commented:

"Portfolio buy-to-let is a growing business area and I'm always interested to see what new perspective and benefits specialist lenders bring to the market."

"Throughout the application process, Keystone has remained committed to ensuring a really positive experience for both the broker, Mark at Jigsaw Money Management, and his client. This bodes well for its ongoing relationship with SimplyBiz Mortgages, as Keystone's approach to customer services appears to be totally aligned with our own, and I look forward to working with them in the future."
