INTRODUCTION

Keystone Property Finance Limited has developed this guide to demonstrate the functionality that we offer on our Broker Portal.

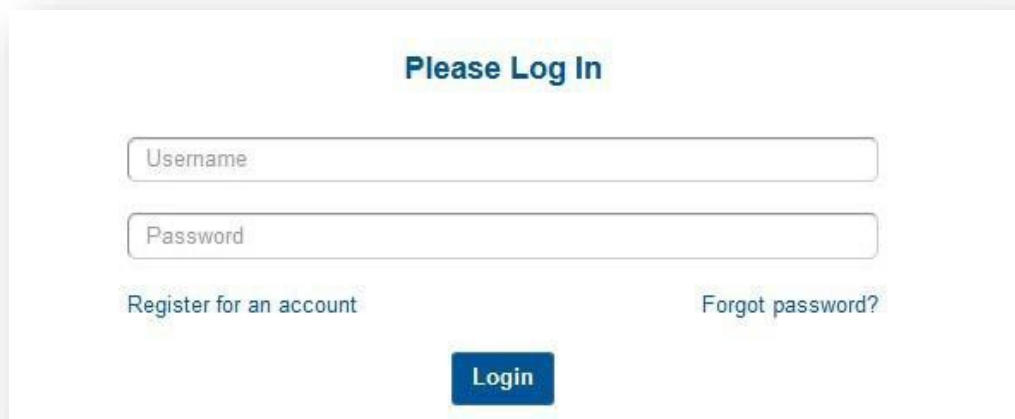

You will be able to access the Broker Portal to produce Illustrations, Application in Principles (AIPs), Full Mortgage Applications (FMAs).

You will be able to track your applications, respond to outstanding actions, upload documents, and add notes.

LOGGING IN

You can receive your log on details by either registering online via our portal or contacting us directly via email (enquiry@keystonepropertyfinance.co.uk) or via phone (0345 148 9086) to be registered.

Log into the portal with the log on details

The login form is titled "Please Log In" in blue text. It contains two input fields: "Username" and "Password". Below the "Username" field is a link "Register for an account" in blue text. Below the "Password" field is a link "Forgot password?" in blue text. At the bottom center is a blue button labeled "Login".

NAVIGATING THE PORTAL

Once you have logged into the portal, you will be taken to your broker portal homepage.

If this is the first time you have logged in, you will only see the buttons to start an illustration, start an AIP, start a new product transfer or new switch & fix.

The image shows four blue buttons stacked vertically. The buttons are labeled "New Illustration", "New AIP", "New Product Transfer", and "New Switch & Fix".

Once you have submitted an application (either an AIP or FMA), the high-level details will display on your homepage.

Recently Viewed Applications

Case Number	Stage	Opened	Applicants
	FMA In Progress	04/01/2024	
	FMA Submitted	06/01/2024	
	FMA Submitted	04/01/2024	
	AIP Submitted	04/01/2024	
	FMA Submitted	01/11/2023	
	FMA Submitted	26/10/2023	
	AIP In Progress	04/01/2024	

Applications Awaiting Action

Case Number	Stage	Opened	Applicants
	Valuation - Pending	07/12/2020	

New Illustration

New AIP

New Product Transfer

New Switch & Fix

Included on the homepage will be the case number, the date the application was opened, the applicant(s) and the stage in which the application is currently sitting at in the process (i.e. FMA Submitted, meaning the full mortgage application has been submitted across to us)

Recently Viewed Applications

Case Number	Stage	Opened	Applicants
	AIP Submitted	11/09/2023	
	FMA In Progress	25/10/2023	
	FMA Submitted	06/12/2023	

Once the application has been submitted to us (either AIP Submitted or FMA Submitted), you will then be able add notes, documents and view any outstanding actions required.

You can also search for applications using the ‘Cases’ button at the top of the screen.

On this screen you will be able to search for applications using our search feature.

Case Search

Case Number:

Applicant(s):

Company - Registered Name:

Application Phase:

Application Stage:

Application Status:

End of Product Term:

TRACKING APPLICATIONS

You can log into the portal and track the stage of your client’s application. On the summary screen of the application, it will display the current stage at the top of the screen:

Case Number	Opened	Applicants	Current Stage
	08-01-2024		FMA Submitted

Current Stage

FMA Submitted

The current stage will update when the application moves along through the process.

CLONING APPLICATIONS

If you are wanting to place multiple applications for the same client with Keystone Property Finance, we have clone functionality which will copy applicant's details, company details (if the application is being made as a company application), employment details, credit history and liability details to a new application.

Once the FMA has been submitted, you will have the "Clone Case" button displayed on the top right-hand side of the summary screen:

Clone Case

Once you have clicked on the clone case button, it will then display the details of the application which you are cloning from:

Clone Application

Case Number

Borrowers names

You will then be asked to confirm the clone, and you can do so by clicking on the "Confirm Clone" button.

Confirm Clone

The new application will be at AIP in Progress which will allow you to change any details to applicants or company details if required, however copied information from the existing application will be there when you progress through to the FMA stage.

If the system holds a valid in date credit check at the time of cloning the application this will also be cloned over to the new application.

You also have the option to clone an application while the FMA is still in progress, however, please note this that will only clone information keyed so far, and the credit check will not be copied. We have a warning message on the portal to advise of this.

Clone Application

Case Number	Borrowers names

Cloning at this point will only clone the information keyed so far on this application, please note that cloning before the full mortgage application has been submitted will result in multiple searches being applied to the applicant's credit file.
If the application is cloned after the full mortgage application has been submitted we will also be able to utilise the full credit check held for the applicant providing it is within 90 days of being run and the applicant's name, date of birth, or address has not changed.

It is recommended to clone the application once it has been fully submitted, do you wish to continue?
The following tabs have fields which have not been completed:

- Applicants
- Portfolio
- Liabilities

Confirm Clone
Cancel

VIEWING AND RESPONDING TO OUTSTANDING ACTIONS

The actions tab on your application will advise you of the information we require to progress the application and at what stage we require it by.

To view the outstanding actions on an application, click on the application displayed in your list of cases or find it using the search function on the 'Cases' screen.

On the left-hand side of the portal, you have an actions tab.

This will display all the outstanding actions on the application under the tab "Items Awaiting Action" and the stage in which the action is required at.

Actions

The items below await action

To upload documents or add notes, please click the action button against the relevant requirement.

We add notes if we need further information after we have reviewed uploaded items. To view the full note click on the action button

Items Awaiting Action

Items Received by Keystone

Created Date	Name	Reference	Who To Action	Applicant	Required At	Status	Action Type	Text	Note Last Added	Action
06/12/2023 16:02	Local Licencing	CUC001	Solicitor		Before Completion	Awaiting Action	Solicitor Action	Solicitors to confirm the appropriate local licensing requirements have been complied with for the property and/or borrower(s) as applicable.		Action
06/12/2023 16:02	Valuation Report	CVAL001	Valuer		Before Offer	Awaiting Action	Advisory	A satisfactory valuation report.		Action

Below is an example of an action that will be required for an applicant that is employed:

Create...	Name	Reference	Who To A...	Applicant	Required At	Status	Action Type	Text	Note Last...	Action
08/01/2024 16:...	Income (employed)	CINC001	Applicant	ALBERT ARKIL	Before Offer	Awaiting Action	Document Request	Please supply the latest 3 months payslips and latest P60		Action

To action an outstanding item, you will need to push the action button (located on the far right-hand side of action itself):

Once you have clicked on the action button, it will display the below:

GENERAL DOCUMENTS TAB

All documents associated with the application can be viewed from the 'Documents' tab for that application, this will also display documents that are attached to actions.

For example, once a full mortgage application (FMA) has been submitted, an illustration and application summary will be automatically generated against the application. These two documents will be available to view on the documents tab.

Received ↑	Type	Sub Type	Notes	Status	
08/01/2024 16:14	System Documents	Application Summary	Application Summary	Satisfied	Download
08/01/2024 16:15	System Documents	Illustration	Mortgage Illustration	Satisfied	Download

To view all documents, click the documents tab on the left-hand side.

To add a document against an application (one that is not to satisfy an outstanding action), click on the “Attach File” button on the left-hand corner of the document tab:

This will open a screen which will allow you to select or drag up to 50 documents for upload.

Add Files to Case

• Please check if these documents need certification per Keystone's website standards and add notes to relevant document to expedite the application process.

• AI will identify the document types of your uploaded files. AI can make mistakes, our team will confirm these answers.

Note: The maximum number of files allowed per upload is 50

Select files...

Drop files here to upload

Once you have selected or dragged and dropped your documents you will be presented with a screen that will allow you to add any additional information about each document if you wish. Once you are happy for the documents to be uploaded click Upload and Analyse.

Select files...

Drop files here to upload

A note can be added to each document to provide more information in the boxes below

Filename: Test 1.pdf	Notes: Add any additional information here	Remove
Filename: Test 2.pdf	Notes: Add any additional information here	Remove
Filename: Test 3.pdf	Notes: Add any additional information here	Remove

Upload & Analyse

Our AI technology will then review the documents and automatically label them.

3 of 3 files uploaded successfully

- AI is identifying the document types of your uploaded files.
- AI can make mistakes, our team will confirm these answers.
- This is a background process, you do not need to stay on this screen for this process to finish. Click "Close" to exit this process.
